

Jacksonville Daily Journal.

JACKSONVILLE, ILLINOIS, SATURDAY MORNING, FEBRUARY 11, 1905.

STATEHOOD LEGISLATION

DISCUSSED BY REPUBLICANS OF HOUSE

No Action Taken on Propositions Presented—Diplomatic Changes—Treaties Discussed—Other News.

Washington, Feb. 10.—Republicans of the house decided in conference to day the house statehood provision shall prevail or that no statehood legislation will be enacted by the present congress. This was implied in a resolution prepared by Speaker Cannon and adopted by the caucus.

The house statehood bill provided for a state composed of Oklahoma and the Indian Territory and another of New Mexico and Arizona. When the conference convened three propositions were laid before it, none of which were adopted. One was a resolution reciting the history of statehood legislation in the house and reaffirming the caucus action taken at that time. Another was a resolution providing that the statehood bill be made the subject of a conference between the two houses. The third was an amendment to this resolution, adding that in such conference the house conferees be instructed to insist on house provisions of the bill. No vote was taken on any of these propositions.

Delegate Rooder (N. M.) made a strong appeal for concurrence in the senate bill. He, however, did not make any motion to this end.

Delegate MacQuire (O. T.) pleaded for action whereby at least Oklahoma and the Indian Territory might be admitted.

Speaker Cannon occupied the floor at length on two different occasions. Several other members spoke on the subject. Debate was carried to a high pitch at times. Ground was taken by those who favored the house provisions or nothing that Republicans of the body would be sacrificing their positions taken heretofore to a few Republican senators who had seen fit to unite with the minority if the senate bill as amended was accepted.

A definition of what is considered the binding feature of a caucus was made to those Republican members who have indicated an intention to vote with the Democrats should opportunity arise for acceptance of the senate bill.

This definition was that unless a member gives notice in caucus that he will not be bound by action taken he must consider himself bound thereby.

At the Republican caucus on April 15 last, when the house was agreed on as the measure to be supported, there was no member who indicated his unwillingness to be bound by the caucus. This binding feature of a caucus, it was declared, was in force throughout the congress in which the caucus occurs, and the statement was made that no Republican member of the house now can consider himself free to support the senate statehood proposition. There is some talk among house members that the senate might accept the house bill and negotiations with this end in view have been in progress.

DISCUSS TREATIES.

Arbitration treaties between the United States and eight European governments were under discussion for more than two hours to day in executive session of the senate. The opposition developed was not from those who fought the treaties before they were amended by the senate committee on foreign relations, so as to provide that each demand to be arbitrated must be agreed upon by special treaty. This amendment satisfied the southern senators, who had been opposed to the treaties on the ground they might be used for arbitration of foreign claims against states on account of outstanding bonds.

The treaties were called up by Senator Gilman, who said that the conventions had been pending for a long time, and that this country was the only one that had been pending for a long time. He showed a disposition not to act promptly in forming what he termed "a chain of treaties" for the arbitration of claims between citizens of countries interested. The desire of the president and the state department for ratification of the treaties were discussed by Gilman, who was supported by Lodge, Spooner and others. After Gilman's speech debate became general and was participated in largely by senators supporting the arbitration treaties.

Morgan spoke against the treaties and against arbitration in any form. Nearly every other member of the foreign relations committee supported the treaties and by agreement they will be taken up to morrow.

HOUSE.

Washington, Feb. 10.—After maintaining its record for rapid disposition of private pension bills, 43 being passed in an hour and a half, the house to day considered for a short time the bill providing for government of the Panama canal zone. Early adjournment was taken to enable the Republicans to confer on the statehood bill.

SENATE.

The senate to day heard the first witness called in connection with the impeachment proceedings against Judge Swayne, of Florida, and thus entered upon

on the real work of the trial. The statement of the case on behalf of the house was made by Manager Palmer, who went over the various charges against Swayne and said it was the expectation of the managers that all of them would be proven. Witnesses heard to day testified concerning hotel bills paid by Swayne while holding court in Texas. The senate decided to devote the time between two and five o'clock each day to the Swayne inquiry.

DIPLOMATIC CHANGES.

The president will make the following changes in European diplomatic posts on or about March 4:

Ambassador McCormick at St. Petersburg succeeds Ambassador Porter at Paris.

Ambassador Meyer at Rome replaces McCormick at St. Petersburg.

Henry White, secretary of the embassy at London, will be ambassador to Rome.

Henry L. Wilson, present minister at Chili, will be minister to Belgium, succeeding Lawrence Townsend, who retires from the diplomatic service.

BILLS PASSED.

The senate passed the following bills:

Donating condemned bronze cannon to the Grand Army for the purpose of making badges.

Amending the law prescribing qualifications of directors of national banks.

Authorizing the secretary of war to sell magazine rifles to rifle clubs upon request of governors of the various states.

Prohibiting the use of government devices to indicate quality of gold used in the arts.

CAPITAL NOTES.

The president to day sent the following nominations:

Governor of Arizona, Joseph H. Kibbey of Arizona; associate justice supreme court of Arizona, Eugene A. Tucker of Nebraska.

The house committee on ways and means authorized a favorable report on the tariff bill for the Philippines. The bill is a complete revision of duties collected by the Philippine government on imports from all countries.

The house to day began consideration of the Panama canal bill which abolishes the commission and places the management of the canal zone under the president.

Senator armack has introduced a joint resolution declaring that it is the sense of congress that it is unwise to make any further steps towards the transfer of the Isle of Pines in Cuba. In the preamble it is set forth that more than 3,000 American citizens have vested rights in the island. He says these Americans are actually settled there, relying on the statement of the war department that the island was territory of the United States.

Representative Morrell of Pennsylvania to day introduced in the house a bill providing that no person shall hereafter be appointed to any position in the government service who at the time of his appointment is or who at any time antecedent thereto has been divorced for any cause save where the person divorced is the innocent party in case of adultery.

CONKLIN WON

Chicago Man Amateur Billiard Champion of World

Chicago, Feb. 10.—Charles F. Conklin, of Chicago, is the amateur billiard champion of the United States. The tournament proper, which closed last night, left St. Ignace, of San Francisco, and Conklin tied for first place. In an extra match played to night to decide the championship Conklin defeated the Pacific coast player, 200 to 221.

Conklin also won the prize for the high run made during the tournament—78. Second prize was won by Signorini. Gardner had the highest individual average. Gardner also won third prize; fourth prize went to Morris, of New York, and fifth to Threshie, of Boston.

COMMERCIAL TREATIES.

Berlin, Feb. 10.—The reichstag to day continued discussion of commercial treaties and Count von Posadowsky-Wehner, representative of the chancellor, delivered a long defense of the treaties, but wholly ignored the appeals of Herr Camp and Count von Kautz for information. He showed the necessity of getting other countries to adopt labor reform legislation, referring to the old age pension scheme, in order to equalize conditions of competition with Germany. He admitted that if it were not done the time would come when Germany will have higher costs of production than other countries. Herr Gothein (Radical) dissected the treaties mercilessly, concluding that the socialist party has cause to thank the chancellor for the treaties, for they make capital out of them.

CHINA'S ADVISOR.

London, Feb. 10.—The Telegraph's Tokyo correspondent claims best authority for his statement that Japan intends after the war to establish herself in Peking as China's principal adviser.

The same correspondent asserts Japanese ambition now is undoubtedly to invade a small portion of actual Russian territory and an active siege of Vladivostok is therefore expected soon.

SHOT HIS EMPLOYER.

Stillwater, Minn., Feb. 10.—At Lake Lang, four miles from Stillwater, Frank Miller shot and probably fatally wounded his employer, Henry Witzer, on the latter's farm. The cause of the shooting is not stated. Miller disappeared.

RENEWAL OF THE LABOR UPHEAVAL

MORE TROUBLE AT ST. PETERSBURG

Workmen at Factories Striking Again—Soldiers Shoot Into Mob at Sosonovo and Kill Forty-one.

St. Petersburg, Feb. 10.—St. Petersburg is again face to face with renewal of the labor upheaval, the immediate incident being failure of workmen to secure payment for the time they were on strike, added to the fact there has been no adjustment of the demands which led to the strike last month. The Pulloff iron works, where the former strike originated, is playing the principal role. There are 30,000 workmen already out within the metropolis and workmen at the torpedo factory in Kolpino, eighteen miles distant, have also joined the strikers. There is strong prospect of the movement extending.

Only energetic steps taken by troops and police prevented resumption to day of former tactics of strikers, marching from factory to factory and inducing or compelling employees to lay down their tools. Thus far there is no disorder in St. Petersburg. Sunday will be the critical time.

Father Gopon's organization is reported to have appointed thirty-three delegates who are to request Governor General Trepoff to permit workmen to send an official representative delegation to see Emperor Nicholas and present a program of labor reforms, and in case of refusal of this request to repeat the attempt to march to the palace square; but there is no confirmation of this report and it is extremely doubtful if the men can be induced to re-enact their part in the tragedy of Jan. 22.

The entire section between Moscow and Narva gates, except the Russo-American rubber works and one other factory, has been reduced to idleness. Scenes in this vicinity resemble those of troublous times in January. A strong force of Cossacks and mounted police during the day trotted about the strike district and infantry and marines plodded about the roads ankle deep in slush. Strong guards at the principal roads prevented strikers passing out in bodies to proselyte workmen of other districts. Workmen have been quite orderly and troops have kept the roads clear, but have not molested gatherings of workmen in the fields.

A large group of strikers near the Pulloff iron works poured out the story of their grievances to newspaper correspondents and policemen standing by did not interfere. "We are absolutely starving, but we are determined not to return to work until our demands are granted," they said, adding sarcastically: "Those \$3,000,000 of Japanese gold must have gone astray or fallen into the hands of Manager Smyrnoff."

The men are deeply angered against Smyrnoff. Rumors of an assault upon him and his departmental superintendents and of killing of police officers are current in the city, but the strikers themselves profess ignorance of any such affairs. A policeman who has been for many years on the Pulloff beat confessed to day he never had seen the men in such an ugly mood.

SHOT INTO MOB.

Sosonovo, Feb. 10.—On Thursday a mob invaded the yard of the Sosonovo works, demanding workmen in charge of electrical machinery there join the strike. A company of soldiers intervened and a Polish officer repeatedly called upon the people to disperse. They refused to leave unless accompanied by the workmen. It is said a rioter menaced the officer with a knife, whereupon he gave an order to fire, with the result that twenty-eight persons, including a high school pupil, who happened to be passing, fell dead, and thirty-six were seriously wounded. These later were removed to a hospital, where five of them have since died. A number of others were slightly wounded. Many were wounded in the back and evidently they were trying to escape.

A large quantity of dynamite has been stolen from the explosive stores of asphalt mines. It is supposed by the strikers.

Warsaw, Feb. 10.—Over one hundred strikers were killed and wounded by military at a conflict which took place at Sosonovo yesterday evening. Strikers were attempting to put out the train in the furnace of the smelting department of the iron works when the troops appeared. The soldiers fired three volleys and finally scattered the workmen.

Lodz, Feb. 10.—Manufacturers to day agreed on an ultimatum to strikers to the effect that unless they return to work Feb. 13 all mills will be shut down indefinitely. It is reported socialist organizations have directed the strikers to resume work, but it is feared the agitation has gone beyond the control of leaders. A conflict between troops and strikers took place here this afternoon. One report says one striker was killed and four wounded. Other reports estimate the killed at twenty.

St. Petersburg, Feb. 10.—The Pulloff iron works and Franco-Russian works are again closed, the men having walked out in a body to day in consequence of

refusal of employers to grant an eight-hour day.

STRIKERS KILLED.

Berlin, Feb. 10.—According to press dispatches from Katowitz, Russian Poland, a collision occurred between 15,000 strikers and military at the Russian station of Skarzynsko, in which twenty-four strikers were killed and forty wounded.

The military, it is also reported, fired on strikers at Gostrowitz, but casualties are not known.

The Lokal Anzeiger's Warsaw dispatch gives the number of strikers killed at Lodz Thursday as nineteen and wounded 112. These figures apply to only part of the disturbances. The sharpest fight took place before the Schindler company's factory, the number of strikers killed or wounded there not being reported. Two soldiers and one detective were killed.

A dispatch from Sosonovo says: "A procession of strikers from Sosonovo going to Sierel, where a demonstration had been planned, was dispersed by military. Troops continued to arrive in large numbers. The strikers have called a great meeting for Sunday, which it is feared will cause trouble."

WAR REPORTS.

Tokio, Feb. 10.—Russians continued to bombard Oyama's center and extreme left Wednesday and right Thursday. Small bodies of Russian infantry attacked Japanese Wednesday night, but were repulsed. The general situation at the front is unchanged.

Port Louis, Mauritius, Feb. 10.—Arrivals from Nossi Be (off the coast of Madagascar) report the Russian second Pacific squadron still there Feb. 2. A dispute had arisen between Rogoshtensky and the German companies controlling the fleet. The admiral wished the colliers to follow the fleet, but they refused to do so on account of the close proximity of a Japanese squadron. The Russian ships will not leave Nossi Be before Feb. 23. They are getting little news from St. Petersburg and the crews are "despirited owing to the fall of Port Arthur."

WANT THEM INDICTED.

Chicago, Feb. 10.—Seven members of the Iroquois Theatre Memorial association, acting as individuals, called upon State's Attorney Healy this afternoon and asked that steps be taken looking to indictment of Klaw & Erlanger, principal stockholders in the Iroquois theatre, as well as the indictment of W. J. Davis, Thomas Noonan and James Cummings, resident manager, treasurer and stage carpenter respectively of the theatre. The state's attorney promised careful investigation.

ALLEGED BOODLING

To Be Investigated by the Kansas Legislature.

Topeka, Kas., Feb. 10.—The house to day adopted resolutions empowering Speaker Stubbs to appoint a committee of five to investigate charges of alleged boodling, and the speaker immediately named the committee and instructed it to go to the bottom of the rumors and report its findings at once. The resolutions grew out of talk indulged in by members during consideration of the bill to establish a state oil refinery and culminated in publication by a local paper of a story which declared that an oil interest had failed to buy the senate and asking whether it would succeed in buying the house.

EXAMINE PAPERS

Residence of M. Witte, President of Russian Empire, Searched.

London, Feb. 10.—The Mail's St. Petersburg correspondent sends to that paper the extraordinary report that the first act of the new minister of interior, M. Boulanger, on arriving at St. Petersburg Friday was to have the residence of M. Witte, president of the council of the empire, searched by police, who removed a mass of documents for examination. Witte was at home at the time and the police made a systematic and thorough examination of all private papers in the house. The correspondent adds that Eliehev was assassinated he was carrying an order to the emperor for his signature authorizing just such a requisition for Witte's papers. It looks, therefore, the correspondent says, as though this new interior administration is beginning just where Eliehev left off.

FOUND VALUABLE PAPERS.

Grand Rapids, Mich., Feb. 10.—James Donovan, millionaire and lumberman of Chicago, said this afternoon he had found in this city papers which he claims are records torn from the books of Oconto county, Wisconsin. He declared they made good his title to 52,000 acres of Wisconsin state land for which he started a suit last spring in Chicago against Senator Platt of New York. "It means," said Donovan, "that my \$3,000,000 suit against Senator Platt will stand."

RAILROAD SHOPS BURNED.

Lorain, Ohio, Feb. 10.—The Baltimore & Ohio railroad shops burned to night. Loss, \$100,000. Six locomotives will be almost complete wrecks. Three hundred men are out of employment.

SATISFACTORY FOR THE SEASON

TRADE REPORTS FOR PAST WEEK GOOD

Spring Jobbing Has Begun to Expand—Industry Remains Active and Confidence in Future Trade.

New York, Feb. 10.—Bradstreet's review of trade conditions says: Spring jobbing has at last begun to expand, and reports of improvement come from the west, north-west and far west. Dry goods, shoes, groceries, hardware, millinery and lumber at wholesale houses all sold better of late and certainly in larger volume than at this date a year ago, while the latter period, however, saw somewhat of a halt recurring.

Industry remains as active as heretofore and the iron trade confirms the best reports heretofore made in statistics showing production and consumption the heaviest ever recorded. Money is still phenomenally easy and a temporary check to the heavy outgo of gold is noted. Some benefits from climatic conditions are noted, likewise some drawbacks. The anthracite coal demand has been stimulated at the east and prices are very firm. The west has taken more freely of bituminous grades, which are reported in rather better supply there. The general undertone is still one of undiminished confidence in a large trade when winter's grasp is finally broken and mild weather arrives.

Reports to Bradstreet indicate a gain of 6 per cent in the gross receipts of railroads for the same period over last year. Wheat, including flour, exports for the week were 987,775 bushels, against 1,746,000 this week last year; July 1 to date, 41,645,000, against 103,338,000 last year.

Corn exports for the week were 2,448,000 bushels, against 589,000 a year ago; July 1 to date, 33,392,000, against 35,171,000 in 1904.

DUN'S REPORT.

New York, Feb. 10.—Dun's report says: Some disturbance has been caused by the elements, but business conditions are otherwise unusually satisfactory for the season. Distribution of merchandise is of liberal proportions and the new year is fulfilling sanguine expectations. Low temperature and storms interrupted traffic to some extent, but accelerated business by heavy wearing apparel, overcoats and furs. Manufacturing is still the best feature, especially in various departments of the iron and steel industry, while textile mills and shoe shops are well engaged. Some conservatism is noted in the placing of advance orders, but this is a favorable symptom, indicating the absence of reckless operations that produce inflated prices and ultimately cause excessive accumulation of stocks, followed by the inevitable period of retrenchment. Railway earnings in January were 4.0 per cent larger than in 1904, while foreign commerce at this port for the last week showed a gain of \$1,070,870 in value of imports and a loss of \$1,830,553 in exports, compared with the same week last year. Favorable reports were received from almost every department of the iron and steel industry, even steel rails showing better feeling, orders on the books now exceeding a million tons. The advancing season is bringing out more and more structural shapes, while specifications on contracts for plates kept the mills busy.

Failures for the week were 256 in the United States, against 223 last year.

BANK CLEARINGS.

New York, Feb. 10.—Total bank clearings compiled by Bradstreet's for the past week were \$2,002,320,120, an increase of 23.5 per cent compared with the corresponding week last year.

WRECK ON WABASH.

Delphi, Ind., Feb. 10.—An eastbound passenger train on the Wabash railroad ran into an open switch here to day and struck a freight train on a siding. Billy Beedle, conductor of the freight, was killed; John Ferguson, passenger engineer, fatally hurt, and John Blacketter, brakeman, badly injured. None of the passengers were injured. The caboose took fire and burned.

ARRESTED.

Boston, Feb. 10.—Arthur E. Appleby was arrested here to day upon a warrant obtained on the ground he is a fugitive from justice. Appleby has been indicted at Buffalo in connection with the failure of the German bank.

SENTENCE COMMUTED.

Albany, N. Y., Feb. 10.—Governor Higgins to day commuted the sentence of William F. Miller, of Brooklyn, convicted of grand larceny in connection with the \$20 per cent Franklin syndicate. He will be released Monday. Miller was sentenced in April, 1900, to serve ten years.

FIRE LOSSES.

Oskaloosa, Iowa, Feb. 10.—Fire which originated in a furnace wrecked five principal business blocks here early to day. Loss, \$100,000.

SAILED FOR INDIA.

London, Feb. 10.—Lady Curzon of Kedleston and three children sailed for India to day.

MORE COLD WEATHER

Zero Temperature Reported From Various Sections of Middle West and Northwest.

Chicago, Feb. 10.—Extreme cold again prevails over the middle west and northwest, zero temperature reaching the central portions of Illinois, Missouri and Kansas. In Montana the worst blizzard in years is raging, threatening heavy loss of livestock. The mercury registered 20 below at Duluth and ranges from 15 below at St. Paul to 30 at Calgary. Omaha reports 10 below and in western Nebraska the thermometer is as low as 23.

A heavy northwest gale badly drifted the heavy fall of snow, impeding railroad traffic and adding discomfort to shivering humanity.

At Chicago it was 5 below this morning, a drop of 31 degrees in twelve hours.

LIVES LOST IN COLLISION.

Laredo, Tex., Feb. 10.—In a collision between passenger and freight trains on the National railway of Mexico between Carteros and Laventura three persons are known to have lost their lives and perhaps many others are dead or injured. Officials, beyond acknowledging a wreck occurred and one passenger was killed and one injured, would make no statement. The Wells-Fargo express messenger on to night's incoming train states he saw five dead bodies. He said that there must be many more dead or injured in the second and third class coaches.

FORMER PRINCESS

Will Resist Order of King to Give up Her Child

Rome, Feb. 10.—The Tribune to day publishes a dispatch from Florence stating that Dr. Keerner has visited Countess Montignoso (formerly crown princess of Saxony) and communicated to her an order from King Frederick Augustus, her former husband, for relinquishment of custody of the child, Princess Anna. The countess, according to the dispatch, will resist the order.

Countess Montignoso, the Tribune correspondent says, denies most strenuously stories emanating from Dresden of intrigue between her and Count Giuchardini, whom she says she has met only occasionally and then always in the presence of others.

DASHED INTO TRAIN.

New Brighton, Pa., Feb. 10.—A man and three boys were killed, one boy is dying and three were injured as a result of a bobbed dashing into a train to night.

Weather Man Paid the Fine.

A group of young men, many of them officials in the government service, recently met in the smoking room of a Washington clubhouse. At the suggestion of one of the party it was agreed that the one first "talking shop" should be fined a dollar, but the evening passed and no fines had been imposed.

Mr. Willis L. Moore, chief of the weather bureau, overcoat on and hat in hand, arose at last to go.

"Good evening," said he.

"Hold on, there! A dollar, please!" shouted several in unison.

Mr. Moore straightened back as though he had been hit a blow, looked puzzled, then grinned and, without a word, fished out the dollar.—Saturday Evening Post.

The Book Saved His Life.

"Moved by excitement," began General Joe Wheeler in relating one of his stories. "A young man determined to enlist. He accepted a Bible from his mother and as he placed it in his inside coat pocket promised to read the book every day.

"During one of the important battles this man's entire company was annihilated, but he escaped."

"Same old story," interjected a veteran, "bullet hit the Bible."

"No," continued the doughty little general, "the book saved his life, but not in the common and accepted way. The soldier was found seated behind a tree, keeping his promise to his mother."—Washington Post.

Ways of Shoeing a Horse.

Complaint is made that the horse-shoers of England are behind those of continental Europe and that the perfect way of shoeing a horse is yet to be discovered, although it seems that there are 115 ways of shoeing a horse as practiced in the different armies in Europe.

The chief farrier of the Fourteenth dragoons of the French army, Ay. M. Grosset, spent nearly the whole of his spare time in obtaining specimens in order to constitute illustrations of these methods. When he died a short time ago he presented the whole of his collection to the French minister of war.—Blacksmith and Wheelwright.

HOCH FACES CORONER'S JURY

NOTED BIGAMIST OBJECT OF MUCH CURIOSITY

Owens to Thirteen Wives, But Denies Having Caused Death of Any of Them—One Wife a Witness.

Chicago, Feb. 10.—Johann Hoch to day heard himself for the first time accused by witnesses and pointed out to a jury as a bigamist. Before a big and curious throng he sat while the manner of Mrs. Weleker-Hoch's death was described. Before entering the jury room Hoch confessed, the police say, to having married thirteen women. Two in Milwaukee and two in Cincinnati were admitted by him to day. It is predicted by the police he will own up to fully thirty of them before the inquest ends. But he holds firmly to his denial he poisoned any one of them.

The first witness was Frank Spjeng, the undertaker who prepared the remains of Mrs. Weleker-Hoch for burial. He identified Hoch as the husband of the dead woman.

Mrs. Emilie Fisher-Hoch, who married the bigamist four days after the death of her sister, who also had been "one" of Hoch's wives, described at length the circumstances of her meeting Hoch and their marriage; also incidents connected with her sister's last illness.

MURDERERS HANGED

Wife Mayers Pay the Penalty of Their Crimes.

Charlottesville, Va., Feb. 10.—J. S. McCue, former mayor of this city, was hanged this morning for the murder of his wife last September. McCue made a confession, saying he was impelled to commit the crime by an evil power beyond his control and recognized the sentence as just.

Washington, Feb. 10.—Augustus L. Shaffer was hanged here to day for the murder of his divorced wife in August, 1903, by cutting her throat.

HAS SIMILAR SCHEME.

London, Feb. 10.—The Chronicle's St. Petersburg correspondent says: "Emperor Nicholas received in audience for two hours on Thursday Count Tolstol's son, Count Leo Deonvitch, who brought his father's draft of a scheme for a 'people's assembly.' The emperor told Deonvitch that he himself had been working on a similar scheme, which would shortly be put into execution."

OUTPUT OF OIL CURTAILED.

Independence, Kan., Feb. 10.—The Standard Oil company has curtailed the output in the Kansas field, laying off 900 men indefinitely. The action is said to be the result of antagonistic measures passed recently by the legislature.

DEATHS.

Muskegon, Mich., Feb. 10.—C. H. Huckle, whose gifts of public institutions of Muskegon aggregated \$2,000,000, is dead.

Joliet, Feb. 10.—Roy W. H. Strout, for nearly half a century in the ministry and one of the best known pastors in northern Illinois, is dead, aged 70. In 1861 he gave up the law to pursue religious work.

WILL BE COMPROMISED.

Constantinople, Feb. 9.—The Franco-Turkish dispute it is now understood will be compromised, France securing an order for a share on new guns destined for rearmament of Turkish artillery.

MURDERER IDENTIFIED.

Joliet, Feb. 10.—William Myers, a life convict sent here for the murder of the mayor of Mt. Carroll, has been identified as the murderer of a police officer in St. Louis several months ago. Myers is also believed to have killed a sheriff in Wisconsin.

ANOTHER MAN INDICTED.

Portland, Ore., Feb. 10.—Former United States Attorney John Hall was indicted to day by the federal jury in connection with land fraud cases under course of investigation.

PRIZE FIGHTS.

Albion, Mich., Feb. 10.—Harry Cobb, of Buffalo, and Clarence Forbes, of Chicago, fought ten rounds to a draw to night.

Milwaukee, Feb. 10.—Maurice Sayers and Charley Neary, both of Milwaukee, fought six fast rounds to a draw to night.

ANOTHER CASE OF RHEUMATISM CURED BY CHAMBERLAIN'S PAIN BALM.

The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker Triplett, of Grigsby, Va.,

The Best Preserves

are those prepared by Bishop & Co., of California. The goods prepared by these people are guaranteed to be made from the ripe fruit and that no substitutes are used, either in the fruit or sugar. When you want something real good for your table, try some of these preserves or jellies. You are bound to be pleased. Our most fastidious customers are well pleased with them. We have several varieties of these preserves and jellies. Hadn't you better try some of these with your next order.

JAS. A. GROVES.
221 West State St.

Your Shoes

The only place in the city and the best to repair your shoes is at A. Smith's, 238 South Main Street. Shoes are repaired while you wait, at the lowest prices. Open from 7 a. m. to 8 p. m. Men's half shoes, 50c; ladies' and boys', 40c; hand sewed work, extra charge. All work guaranteed. Work called for and delivered. Illinois phone 123.

NEW BOOKS ADDED

Volumes Recently Placed on the Shelves at the Public Library—Well Selected List.

The following books have been added to the public library during the months of January and February:

HISTORY.
Carr—Italy: a story of the papacy.
Green—Government of Illinois.
Hart—American history told by contemporaries.
Oman—England in the nineteenth century.
Parker—Old Quebec.
Williams—State of Missouri, an autobiography.

RELIGION.
Abbott—Religious life in America.
Fournier—Last years of Saint Paul.
Gladden—Social salvation.
Griffis—Dox Christia.
Hoare—Evolution of the English Bible.
Macmillan—Gleanings in holy fields.
Parkhurst—Sunny side of Christianity.
Piercen—Forward movements of the last half century.

Rainsford—Reasonableness of faith.
Tolstol—What is religion?
Watson—Church folks.

SOCIOLOGY.
Fuller—Wrongs of Indian womanhood.
Hall—Adolescence.
Hall—Encyclopedia of etiquette.

SCIENCE AND NATURE.
Doubleday—How to attract the birds.
Huntington—Forest neighbors.
Huntington—Studies of the trees in winter.

Ingersoll—Wild life in orchard and field.
Lounsbury—Guide to the trees.
Trowbridge—What is electricity?
Wood—Flower beautiful.

FINE ARTS.
Ady—Painters of Florence.
Baldry—Sir John Everett Millais: his art and influence.

Breal—Rembrandt: a critical essay.
Caffin—Photography as a fine art.
Clement—Heroines of the Bible in art.
Holme—Corot and Millet.
Jekyll—Home and garden.
Lowrie—Monuments of the early church.

MUSIC AND THE DRAMA.
Hapgood—Stage in America.
Jones—Renaissance of the English drama.
Lawrence—Sir Arthur Sullivan.
Rockstro—General history of music.
Schiller—Wilhelm Tell.

POETRY AND ESSAYS.
Burroughs—Light of day.
Gummere—Beginnings of poetry.
Morris—Story of Sigurd the Volsung and the fall of the Niblungs.
Reppner—Compromises.
Wagner—Parsifal.

TRAVEL.
Babcock—Letters from Egypt and Palestine.
Gulick—Life of the ancient Greeks.
Savory—Sportswoman in India.
Selous—Sport and travel.
Smith—Colonial days and ways.

BIOGRAPHY.
Belloc—Robespierre.
Besant—Autobiography.
Cory—Rosetta.
Gladden—Witnesses of the light.
Hale—Ralph Waldo Emerson.
Hawthorne—Hawthorne and his circle.
Hugo—Memoirs.

SURPRISED.

Thursday evening the friends of Roy Woods most pleasantly surprised him at his home, 1225 Clay avenue. Young people to the number of eighteen assembled and proceeded to march in on their victim in a body and succeeded completely in taking him by surprise, though he soon comprehended the situation and at once took measures to be as happy as possible and made his self-invited guests the same, and they all testified the success of the affair was all that could be asked. The evening was most happily spent in various ways and Roy's amiable mother dispensed to the merry makers delicious refreshments, which were of course thoroughly enjoyed. The special managers of the pleasant affair were Patti Whitlock, Jane Leck and Leo Bavington.

LITERARY CIRCUIT.

Regular preaching services at Zion tomorrow, the 12th, at 11 o'clock. Remember the meeting of Zion society to attend to important business next Monday, Feb. 13, at 2 p. m. at Zion church, one mile east of Little Indian. The service at Arcadia is changed from 3 to 7 p. m. from now on, so that the people from all around may have the privilege of attending. Tell it over the phone. Remember it is at 7 in the evening on Sunday, Feb. 19.

NEWS FROM UNION.

Jesse Whitte is improving from catarrhal fever.
Rachel Rexroat has the typhoid fever.
Burrell Dunn has been very sick with pneumonia.
Mrs. Robert Thompson has had the grip.
There has been more sickness in the neighborhood for two weeks than for many a day.
Mr. Campbell, who works for Mr. Zach Rexroat, went to his home at New Salem a very sick man.

CHAMBERLAIN'S STOMACH AND LIVER TABLETS. UNEQUALLED FOR CONSTIPATION.

A. R. Kane, a prominent druggist of Baxter Springs, Kan., says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all leading druggists."

ANAEMIA

is thin blood. It causes pale faces, white lips, weak nerves and lack of vitality. A blood-enriching, fat-producing food-medicine is needed. Scott's Emulsion goes to the root of the trouble, strengthens and enriches the blood, and builds up the entire system. For anaemic girls, thin boys, and enfeebled mothers, it is the standard remedy. It builds up and strengthens the entire system with wonderful rapidity.

We'll send you a sample free.
Scott & Bowne, 409 Pearl St., New York.

IN HONOR OF MRS. DANA.

The St. Louis Republic of Friday continued the following account of a luncheon given by Mrs. Edward F. Coltra in honor of her sister, Mrs. Jesse Dwight Dana:

"One of the largest and handsomest luncheons of the season was given yesterday afternoon by Mrs. Edward F. Coltra, 4416 Lindell boulevard, for her sister, Mrs. Jesse Dana, who has recently arrived to spend the winter in St. Louis. Mrs. Dana was formerly Miss Clara Brown, and always popular in town.

"The luncheon was served at the St. Louis Woman's club, and over 200 guests were issued. The spacious cafe and private dining rooms were all thrown open and used yesterday, the guests being served at small tables and three large ones in the private rooms.

"Spring flowers of all colors were used to decorate the tables, and with excellent effect. Violets, lilies of the valley, Jougips, hyacinths, pale pink roses, yellow narcissus, giant magnolias and pink sweet peas, made the rooms look like gorgeous bouquets.

"Mrs. Coltra wore a Paris frock of unusual beauty and color. It was chiffon in shades of roses tints, shading darker toward the skirt hem, and the bodice relieved with girle and collar of pale blue velvet. The entire dress was delicately spangled in silver, while graduated fish scale sparkles of the same dull rose color trimmed the skirt and finished in a deep border around the train, while more of the scale trimming decorated the waist.

"Mrs. Dana was in a white lace gown, in one of the new French lace weaves, built over cream chiffon and satin.

"They received in the green drawing room at 1:30 o'clock, and immediately afterward luncheon was served upstairs, an orchestra playing softly in the upper staircase landing. The menu was a good one, and arranged by Mrs. Capps to taste largely of spring dainties."

A BAD MISTAKE.

A gentleman who has traveled much in Florida, relates a good one on a certain member of the United States senate. The latter went to one of the popular Florida resorts and to the principal hotel of the place, and when he registered remarked that he expected to remain a number of weeks. The clerk was very polite and assigned him to one of the best rooms with bath attached and all modern conveniences and luxuries. The senator didn't think to ask the terms, though he wasn't gifted with a large amount of worldly wealth; and when he retired he was horrified to find from a card on the door of the room that the price of his suite was fifty dollars a day. He had announced his intention to stay some time and what to do he hardly knew. He was ashamed to admit the price was too much for him to pay, and he couldn't think of trying to pay it, so he finally decided to imitate Annanias on a small scale and had a bogus telegram sent him summoning him home on imperative business. After supper and before the train started he mentioned the "unfortunate" call home and asked for his bill.

"Nothing at all," the clerk replied. "How is that?" the astonished senator asked.

"Mr. Flagler advised us that you were to be his guest as long as you remained."

Mr. Flagler is the man who owns so large a part of Florida and is able to entertain at any price, hotel or number of persons as long as he wishes. The senator's feelings may be more easily imagined than described, but he didn't quite think it best to recall his "dispatch" and returned home a sadder man than when he went down.

PERFECT CONFIDENCE.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy, says: "I have a world of confidence in Chamberlain's Cough Remedy, for I have used it with perfect success. My child, Garland, is subject to severe attacks of croup and it always gives him prompt relief." For sale by all leading druggists.

CONEY ISLAND MAY GET TYROLEAN ALPS

Fashionable and Picturesque Attraction at the World's Fair to Be Sold to the Highest Bidder—Original Cost Was \$750,000.

St. Louis, Republic: The German Tyrolean Alps company has offered for sale the entire Tyrolean Alps at the world's fair, including its picturesque chalets, town hall, chapel, taverns, dining halls, panoramas, paintings, pictures, magic grotto, pyramidal electric fountains and so forth.

The latter general item embraces all the less poetic miscellany of the village, such as the machinery, dynamos, boilers, bar fixtures and cooking and eating utensils. The total original cost of village and contents to build and equip is placed at \$750,000. They will be sold in their entirety to the highest and best bidder.

The decision of the company to dispose of the property marks the abandonment of its intention to continue the Tyrolean Alps after the fair. It was intended to maintain it as a summer garden of a superior kind, with a theater, grand and light opera and an orchestra made up of the members of the Exposition orchestra. Manager Hughes explained the abandonment of this plan was due to the difficulties in the way of obtaining an ordinance permitting the Alps to be made a permanent attraction. The temporary ordinance under which the concession was operated expires March 1.

Mr. Hughes said that the principal obstacle to the passage of such an ordinance was the fact that the tract upon which the temporary structures of the Alps stand is within the fire lines of the city. Mr. Hughes said that he would leave the city last night for the east to negotiate with several prospective bidders for the property in New York, Philadelphia and Chicago. Among those who have signified a desire to operate the resort are several amusement purveyors of Coney Island.

HAPPY RESULTS

Have Made Many Jacksonville Residents Enthusiastic.

No wonder scores of Jacksonville citizens grow enthusiastic. It is enough to make any one happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Jacksonville by Doan's Kidney Pills.

John Foxton, employed with Arthur Jordan, poultry and produce business on North Main street, says: "I was taken with an attack of acute pain through my back and kidneys. I could not stoop and in fact became so bad that I could not work or hardly move around. Mr. P. A. Kaule, the engineer at the Davis & Snyder Co.'s ice plant next door to us, advised me to try Doan's Kidney Pills and I procured a box at Dr. H. Leo Hatch's drug store. The results obtained were simply magical. In a short time my back was strengthened, the pain disappeared and I was as well as ever."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

maternity. With its aid mothers can and do drink healthy, sweet, disposition-creating and health-bringing milk to the world. The most distressing and distressing of all ailments, the pains caused by the gravid expanding organs, are relieved by its penetrating and relaxing liniment.

Among the rich old aids to childbirth, Mother's Friend has grown in popularity and gained a prestige among rich women and the poor, and is used by the millions in the mansion as well as in the cabin.

By lessening the mother's agony of mind and diminishing pain a beautiful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humanity, remaining a blessing ever to you and its country.

GEORGE N. LOOMIS WITH PADEREWSKI

World Renowned Pianist Will
Appear in Springfield—Mr.
Loomis Has Been With Many
of the Great Musical Artists.

Springfield Register: George N. Loomis, of the business staff of Jan Paderewski, the world renowned pianist, who appears at the opera house Tuesday night, Feb. 14, is in the city arranging for the concert. Paderewski will appear on this tour in but two cities in Illinois, Chicago and Springfield. He comes to this city from St. Louis. No one will appear on the program but Paderewski and the concert will be from two to two and one-half hours in duration. It is expected that many people from Bloomington, Decatur, Jacksonville, Lincoln, Carlinville, Havana, Pana, Taylorville, Litchfield, Virginia and other neighboring cities will take advantage of this opportunity to hear the greatest of the world's pianists.

Mr. Loomis was formerly a resident of Jacksonville. Many years ago he was managing editor of a large daily paper in Minneapolis, but gave up the work to be manager of Emma Abbott's Grand Opera company. Later he was manager for E. H. Sothern's tours, and he also managed Mme. Nordica's tours.

Mr. Loomis was in Jacksonville two years ago and at that time he was representing the Prince of Pilsen company. He was at one time city editor of the Journal.

RESOLUTIONS.

In the death of Conrad and Past Commander Samuel Eastman, Matt Starr Post, No. 378, Grand Army of the Republic, has lost one of its faithful and honored members. At the call of his country he bravely went forth, risking life and health that the union might be preserved. On the battlefield, in camp, on the march, in the fort, he was always at his post of duty when circumstances permitted, brave in the discharge of duty, loyal to his country, kind to his comrades and obedient to a fallen foe. As a citizen he was a credit to the community in which he lived, noted for his industry, integrity and ability. The head of a family which does him honor and a useful member of the commonwealth, and a faithful and honored member of our order.

To the bereaved family this Post tenders its sincere sympathy in their hour of affliction, and recommends them to the care of Him who is the husband of the widow and father of the fatherless.

It is the order of the Post that a copy of these resolutions be sent to the family of our deceased comrade and that another copy be spread on the records of the Post.

W. M. Young,
Horace Chapin,
Committee.

AT THE GRAND.

A comedy drama entitled "Weary Willie Walker" was presented at the Grand Friday evening before an audience of fair proportions. Edward R. Whelan as "Weary Willie Walker" played the leading role and kept the audience in laughter. The specialties, which were given by Ed Whelan and Miss Maude Phelps, were well received.

The next attraction will be "The Peddler," Monday evening.

WRECKON WABASH

PASSENGER AND FREIGHT
COLLIDE AT KINDERHOOK

Engines Disabled—No One
Killed—Fireman Slightly In-
jured—Wrecker Sent From
Springfield

No. 8, the fast mail on the Wabash east bound for Buffalo from Kansas City, was wrecked in the yards at Kinderhook this (Saturday) morning at 1:10 o'clock by collision with an extra freight. Fortunately neither of the trains were going at a high rate of speed and the damage was principally to the engines. The fireman of No. 8 was hurt, but to what extent could not be learned. The wrecker was at once started out from Springfield and the work of clearing the track was begun as soon as it arrived at the scene of the accident.

No. 8 is the fast train of the Springfield division of the Wabash and does a heavy business between Kansas City and Buffalo. She is due here at 1:20 a.m. Last night she was running an hour slow, with Conductor Kapp in charge. The engine was 570, with Engineer Rapp at the throttle. The extra was pulled by engine 773 and was in charge of Conductor Francis. She had been waiting orders for Kinderhook and it is not fully understood how the collision occurred. Had the two trains been going at the usual speed a great loss of life would necessarily have occurred, as the traffic was heavy as usual.

Both engines were disabled by the collision, although the track was not torn up to any extent. An engine was sent to Kinderhook from East Hannibal and took No. 8 around by East Hannibal and Quincy, coming through via Camp Point and Clayton.

LORD KELVIN'S NOTE.

The story of how the famous scientist, Sir William Thomson, assumed the name in the perage by which he is now known all over the world is thus told by a journalist: "It was New Year's day when I called. The interview took place in his lordship's library in the corner building of the range of picturesque professional mansions on the eminence known as Gilmere Hill, around whose base winds a stream made classic in song. Lord Kelvin led me gently by the arm to a point from which the stream alluded to could be seen winding in beautiful curves through the grove called Kelvin. Pointing toward the river, his lordship, with quiet enthusiasm, remarked, 'I have lived and labored all my life on the banks of that stream, and why should I not call myself after it?'"

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. For sale by J. A. Obermeyer, City Drug Store.

Slates are fast disappearing from schools all over the country. In many states the health boards have made regulations forbidding the use of slates in the schools, declaring them unsanitary. No more spitting on slates and then wiping them off with their sleeves for the boys of this generation. No more sponges to throw at each other. All the pleasures of our boyhood seem to be denied to the child of today, who must content himself with paper. Paper tablets are replacing the

slates, and last year in the United States about \$10,000,000 worth of paper tablets at retail prices were sold. This would make about 100,000,000 tablets.

Upholstering

James G. Sooy, Murfreesville; Miss Nellie Hughes, Franklin.

GRAND INTEREST PREVAILS.

The revival service at the Jordan Street Presbyterian church Friday evening was attended with the greatest interest. There was a large audience present and Evangelist E. P. Loos preached a powerful discourse. He took his text from Numbers and spoke particularly of the six cities of culture. The remarks of Mr. Loos were made with telling effect and those present were deeply moved. At the conclusion of the sermon nineteen came forward, making the total number to date thirty-five.

The music continues to be a feature of each service and the chorus choir is doing excellent work.

There will be no meeting to night, but the services will be continued next week.

Read the Journal; 10c per week.

BIRTHDAY CELEBRATION

Mrs. Dicy Dunlap Honored by
Children and Grandchildren
at Durham Farm—Ninety-four
Years of Age.

A birthday party was given in honor of Mrs. Dicy Dunlap at the old Dunlap homestead, Durham farm, two miles east of the city Friday, the occasion being her 94th birthday.

Early in the morning her children and grand children began to arrive at the house and at noon an elaborate dinner was served. After all had participated in the good things which were set before them by the granddaughters of the hostess a pleasant afternoon was spent in reminiscences.

Mrs. Dunlap was the recipient of many handsome and useful presents, which will be greatly prized by her.

All of the family were expected to be present, but on account of illness several of the grandchildren were forced to remain at home. Those present were W. R. Dunlap, J. M. Dunlap, Steven Dunlap and families and F. W. Dunlap, all sons; Ralph and Charles Dunlap, the grandchildren; H. E. Wadsworth and Mr. and Mrs. Robert Reeves. Mrs. Dunlap is still hale and hearty and takes a keen interest in the present day activities.

WHEN YOU HAVE A COLD.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produce a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by all leading druggists.

STEREOPTICON ENTERTAINMENT

Pleasantly Varied Program En-
joyed at State Street Church—
Another Exhibition This Even-
ing.

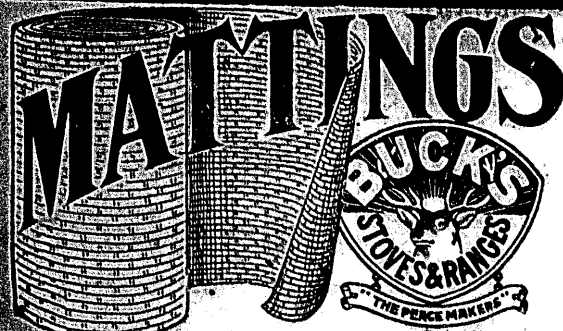

The stereopticon entertainment given last evening at the State Street Presbyterian church under the auspices of the Ladies' Aid society, was largely attended and proved to be unusually interesting. The pictures were remarkably clear and did not give evidences of being worn, as is so often the case.

The program was a pleasantly varied one, comprising moving pictures, stereopticon views and illustrated songs. The songs were given by a phonograph and constituted perhaps the most popular portion of the program.

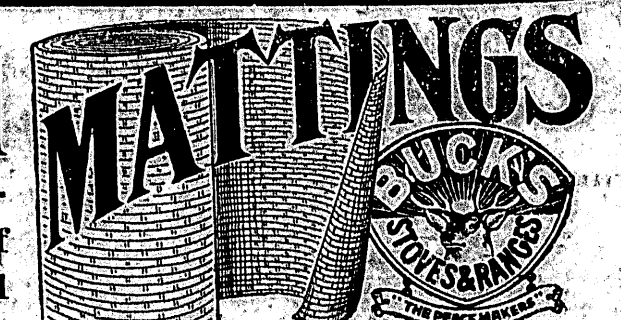

Among the moving pictures appeared the "Drama in the Air," "Soap Bubbles," "Cavalry Horses Bathing," "The Lost Child," "Two Old Chums," "Trained Parrots," "Scene on Every Floor," "Dog and Tramp," "Panorama of the Royal Gorge" and many others. Excellent views of the Pan American and Louisiana Purchase exhibitions and other scenes were thrown upon the screen, and a picture of President Roosevelt in rough rider costume, which was greeted with a burst of spontaneous applause. The illustrated songs included "America," "The Holy City" and others.

The second entertainment will be given in the church this evening, when an entire change of program will be given. The numbers will include the "Train Robbery" and "Personal." The company giving the entertainment is not the one which met with a mishap at Waverly Thursday night.

FOR SALE—A farm of 200 acres, the best of land, thoroughly tilled, good improvements, living water; lying about five miles east of Jacksonville, known as the Wm. Morken farm. William R. Routt, Atty.

Here's Great Matting News for You

During the recent thaw the water ran into our basement, where we had 100 rolls of Matting stored. The damage is not great, the edges or ends on which the rolls stood merely getting wet. However, it's bad enough to induce us to get rid of the whole lot at once. So here goes—

Mattings that sold at 15c are to be marked 9c
